A Passion for Excellence

Driven by a passion to help you experience the best wooden floors you deserve, we've been there alongside newlyweds settling into their first home, rising unicorn companies establishing their main headquarter - and now it's time for your floors to make your life simply excellent.

Lantekayu was founded with a simple dream: to provide the finest wood floors in the market, from refined solid wood to cutting edge engineered floors.

About Us

Lantekayu was established in 2001, in the midst of Indonesia's rising economic growth. Dedicated to true craftsmanship and innovation, Lantekayu has now become one of the leading wood flooring companies in the archipelago.

Lantekayu only provides the finest wood floorings, made by the best craftsmen in Indonesia. Our mindset of innovation and excellence is the reason why we have become the country's ultimate choice of wood floorings.

As of today, with decades of experience, we have been trusted by countless Indonesian and international companies who demand wood floors that enhance their interiors with a touch of authenticity and quality.

Our Commitment:

Lantekayu consistently aims to demonstrate unparalleled craftsmanship in the installation and long term maintenance of wood floors, thus ensuring the outstanding quality and longevity of our products.

Our Dedication:

Lantekayu is dedicated to help architects, interior designers, and homeowners in bringing their flooring ideas to life.

DH 1

A close-up photograph of a green leaf with numerous water droplets on its surface, set against a dark background. The droplets are of various sizes and are scattered across the leaf's surface, which is covered in fine veins. The lighting is soft, highlighting the texture of the leaf and the clarity of the water droplets.
